By signing below I am attesting to the truthfulness of my answers. Falsification any of the above information will be grounds for rejection of this application. I consent to Exeter Animal Shelter representatives discussing information on this application with the persons/organizations named on this application.

The Exeter Animal Shelter reserves the right to refuse applicants for any reason. I understand that shelter animals have unknown medical backgrounds, and the Exeter Animal Shelter cannot guarantee the health or behavior characteristics of adopted animals. Outdoor or Indoor/Outdoor cats need a consistent schedule of inoculations, de-fleaing, and de-worming much more so than indoor cats. The average life expectancy of an outdoor cat is significantly less than that of an indoor cat.
